Pre-authorisation Immunisation Workshop

Hunter New England Health Immunisation Unit conducts free pre-authorisation workshops to assist & support those undertaking the College of Nursing Immunisation Course for Registered Nurses, by external study.

Objective

Practical support to understand requirements of the course questions, to enable completion in own your time to the standard required by the College of Nursing. The workshop will assist you to:

- Understand and access relevant resources in order to adequately answer the questions
- Identify key components of questions and what you should focus on in your responses
- Understand referencing and academic writing to meet College of Nursing course requirements

Workshop Details

Hours – times may vary for different venues and the number of nurses in the group. You will be notified of workshop length (1 or 2 days) when your registration is confirmed.

Course Registration

- **To enrol, please contact The College of Nursing directly. Send application form to The College of Nursing.**
- **Please note on registration form your preferred tutor as Christine Staples or Patrick Cashman. Both are Clinical Nurse Consultants and excellent educators and thoroughly aware of all immunisation issues and recommendations.**
- You will be required to send proof of current nurse's registration and recent CPR certification with your application to the College
- All workshop attendees must be enrolled in this course prior to commencement of the workshop to enable you to familiarise yourself with the course resource package. This will further enhance your participation in the workshop
- Contact The College of Nursing to obtain a registration form. Ph: (02) 9745 7517 or download from: <http://www.nursing.aust.edu.au/Apps/>
- Website for College of Nursing for more course information from: http://www.nursing.aust.edu.au/Online_Course/ShowSubjectProfile.aspx?CourseID=63&CategoryID=4
